The Municipal Clerk called for a Second Reading of the following Ordinances as consent:

- F. ORDINANCE AMENDING CHAPTER 2, ADMINISTRATION, OF THE REVISED GENERAL ORDINANCES OF THE TOWNSHIP OF WOODBRIDGE – “ESTABLISHMENT; PERSONNEL” 2026-13**

John M. Mitch, Municipal Clerk: Letter A is a Bond Ordinance authorizing the undertaking of the Omar Avenue Extension and Paddock Street improvements project not to exceed \$9,990,000. Before I seek a motion to open, Councilman Spillar is not here, but he wanted to ask for his councilmates support. This plan will filter all commercial traffic which includes tractor trailers from the existing Morris Warehouse down to the Omar Avenue Extension, requiring a left-hand turn towards Randolph Avenue or to at least continue down Omar Avenue towards the turnpike. It will completely keep all commercial traffic off of the residential portion of Rahway Avenue. Additionally, this will also aid the warehouses on Paddock Street as they will now be able to use the Omar Avenue Extension. Can I get a motion that this Ordinance be taken up on Second and Third Reading and the public hearing be opened?

Council Vice President DeJesus made a motion and seconded by Councilman Small and carried unanimously.

John M. Mitch, Municipal Clerk: Are there any comments from the public on Letter A?

John Vrtaric, Woodbridge: Wanted to know why the tax payers have to pay for this road, the warehouses were built without approval because any plan would require the road in order for the warehouse to be built. Taxpayers shouldn't have to pay for the road.

President McAuliffe: I would just like to note that there is a \$3.7 million dollar Bond Ordinance that will be offset by grants provided by the NJDOT and the County of Middlesex for that area.

John Vrtaric, Woodbridge: Yea, by taxpayers' money.

Mayor McCormac: The piece of road that is connected to their warehouse they are paying for. The fact that they did not have a road is not the reason they did not have a tenant, you made that up on your own. You don't know who the owner of the property is and never been to the site. The road is going to connect to 5 different warehouses on Paddock Street which collectively pays us nearly \$5 million dollars a year in taxes, so for us to turn around and redo Paddock Street and suddenly ask you to pay, we don't work that way. When a project starts, yes, we ask developers to contribute towards sewers, roads etc. and Morris Companies is doing that. They are paying for when you get off the Omar Avenue and Paddock Street roadway into their site, they are paying for everything. Other than that, the road is being paid for by the town as we pay for every road at every place in town and this is no different. In this case we can justify spending this money knowing that we get \$5 million dollars a year from these businesses in taxes. So, to give them a better road, it's a good trade.

Frank Trombattore, Woodbridge: My question was answered about the warehouse owners not paying anything, I was misinformed. I was in a bad car accident in January and I want to thank the Woodbridge Police for being there and Sergeant Agosta. We hear a lot of crap, but we need to hear it when they do it right.

John M. Mitch, Municipal Clerk: Are there any other comments from the public on Letter A? Hearing no comments from the public, can I get a motion that the public hearing be closed, the Ordinance be adopted and submitted to the Mayor for approval as required by law?

Councilwoman DeJesus made a motion and seconded by Councilman Small and carried unanimously.

John M. Mitch, Municipal Clerk: Letter B is an Ordinance authorizing acceptance of property from Morris Avenel Associates Urban Renewal LLC. to use as a permanent right of way. Can I get a motion that this Ordinance be taken up on Second and Third Reading and the public hearing be opened?

Council Vice President DeJesus made a motion and seconded by Councilman Small and carried unanimously.

John M. Mitch, Municipal Clerk: Are there any comments from the public on Letter B?

John Vrtaric, Woodbridge: Who accepted this property from Morris Avenel Associates Urban Renewal LLC? Who did they buy it from?

Mayor McCormac: This goes in line with Letter A. This is where the developer, Morris Companies, is giving us land to build the road. Not only are they are paying for their share of the road in terms of constructing it they are also giving us the land for it.

John Vrtaric, Woodbridge: Who owned it before Morris Companies?

Mayor McCormac: Woodbridge Developmental Center.

John Vrtaric, Woodbridge: So, they bought this property, now they are going to give it to Woodbridge.

Mayor McCormac: A very small piece of the property that the road needs to be on, they are donating back to the township. They don't need it for the warehouse or parking lot, we need it for the road. They are giving it to us.

John Vrtaric, Woodbridge: You need the road because of the 1.2-million-dollar warehouse. You did not need that road for the other 5 businesses you have over there.

Mayor McCormac: Part of the road is going go on the land they own, and they are giving it to us for the road.

John Vrtaric, Woodbridge: They are going to get permanent access to the warehouse property. They will be using this road for the business so it's for themselves. Why couldn't they pay for the rest of the road?

Mayor McCormac: Because its not theirs. 5 other warehouses are going to use it, why would they pay for it?

Mayor McCormac: The rest of the road has nothing to do with their warehouse, it has to do with the warehouses on Paddock Street. There are 4 to 5 warehouses on Paddock Street and they are going to use the road. Omar Avenue is going to cross Rahway Avenue, through what's currently Sethness Products site and curve over to Paddock Street and they are going to serve all those warehouses.

John Vrtaric, Woodbridge: I know that's on the East, what about the road to the west?

Mayor McCormac: That is houses. What does that have to do with the road.

John Vrtaric, Woodbridge: You gave Morris Company the property.

Mayor McCormac: We did not give Morris Company the property, they paid \$51 million dollars for the properties. We bought it from the Woodbridge Developmental Center from the state for \$5 million dollars. We sold it for \$51 million dollars. We took all that money and we paid off debt. It's probably one of the most successful financial transactions by a municipality in state history. We made \$45 million dollars buying and selling land and your challenging that.

John Vrtaric, Woodbridge: I'm not challenging that, I'm challenging the road being built by the township for the personal individual.

Mayor McCormac: We are building a road to benefit our tax payers who pay us a lot of money. We're getting much of that money back from the county because they are sharing half of it. We are getting a piece back from the developer and some state aid. For a \$10 million dollar project we will probably pay less than \$6 million dollars. We will have a brand-new road and all of our major tax payers will be happy. What in the world could be wrong with this transaction?

John Vrtaric, Woodbridge: All the state aid is the taxpayer's money. Thank you.

John M. Mitch, Municipal Clerk: Are there any other comments from the public on Letter B? Hearing no comments from the public, can I get a motion that the public hearing be closed, the Ordinance be adopted and submitted to the Mayor for approval as required by law?

Councilwoman DeJesus made a motion and seconded by Councilman Small and carried unanimously.

John M. Mitch, Municipal Clerk: Letter C is an Ordinance authorizing the lease of certain property known as Moore Avenue. Can I get a motion that this Ordinance be taken up on Second and Third Reading and the public hearing be opened?

Council Vice President DeJesus made a motion and seconded by Councilman Small and carried unanimously.

John M. Mitch, Municipal Clerk: Are there any comments on Letter C? Hearing no comments from the public, can I get a motion that the public hearing be closed, the Ordinance be adopted and submitted to the Mayor for approval as required by law?

Councilwoman DeJesus made a motion and seconded by Councilman Small and carried unanimously.

John M. Mitch, Municipal Clerk: Letter D is an Ordinance authorizing the township's acceptance of the conveyance of property from the Woodbridge Township Board of Education for use as a permanent right of way easement. Can I get a motion that this Ordinance be taken up on Second and Third Reading and the public hearing be opened?

Council Vice President DeJesus made a motion and seconded by Councilman Small and carried unanimously.

John M. Mitch, Municipal Clerk: Are there any comments on Letter D? Hearing no comments from the public, can I get a motion that the public hearing be closed, the Ordinance be adopted and submitted to the Mayor for approval as required by law?

John M. Mitch, Municipal Clerk: Letter E is an Ordinance of the Municipal Council of The Township of Woodbridge, adopting the “1177 Rahway Avenue Redevelopmental Plan,”. Can I get a motion that this Ordinance be taken up on Second and Third Reading and the public hearing be opened?

Council Vice President DeJesus made a motion and seconded by Councilman Small and carried unanimously.

John M. Mitch, Municipal Clerk: Are there any comments on Letter E? Hearing no comments from the public, can I get a motion that the public hearing be closed, the Ordinance be adopted and submitted to the Mayor for approval as required by law?

John M. Mitch, Municipal Clerk: Letter F is an Ordinance amending Chapter 2, administration, of the revised general ordinances of the township of Woodbridge with regards to personnel. Can I get a motion that this Ordinance be taken up on Second and Third Reading and the public hearing be opened?

Council Vice President DeJesus made a motion and seconded by Councilman Small and carried unanimously.

John M. Mitch, Municipal Clerk: Are there any comments on Letter F? Hearing no comments from the public, can I get a motion that the public hearing be closed, the Ordinance be adopted and submitted to the Mayor for approval as required by law?

Councilwoman DeJesus made a motion and seconded by Councilman Small and carried unanimously.

When approaching the microphone, please state your name and what section of township or state that you live in. You will have a one-time opportunity to speak. All members of the audience shall adhere to the Township Decorum Ordinance which is posted on the entrance of the doors of the council chambers. The public session allows for five minutes and that includes remarks by the speaker and any response by the Council President or Administration. When there is one minute left, I will alert the speaker as to emphasize any remaining points or questions they may have. When the 5 minutes have passed, the speaker is to leave the microphone area and return to their chairs. All videotaping must be taken in the designated area. There will be no interruptions from your chair. Please make sure there are no signs or posters in the aisles, walkways, or exit area. The public portion of the meeting is a comment and/or Q & A interaction between the Council President and the speaker. Council President presides over the council meeting.

John M. Mitch, Municipal Clerk: Are there any comments this evening from the public?

Marge Petrow, Woodbridge: We didn't have a shelter back in the day. Fast forward a couple years and NJ101.5 and John McCormac was being interviewed and said he was running for Mayor of Woodbridge and I thought, great we will finally get an animal shelter. I'm upset that we have so many towns under our little shelter and we took on 6 additional towns. Why do we have the additional towns. The shelter was built for us. They are overwhelmed.

Vito Cimilluca: The DCA which oversees the communities encourages all townships to use their services. A lot of towns do not have shelters or animal control officers. We are encouraged from the state to join forces of other communities to help the out and that's what we do.

Harsh Roy, Edison: Hello, my name is Harsh Roy. I grew up in Iselin. I currently live in Iselin too. All of you guys should have a copy of the draft of ordinances that I wrote and presented to, Mr. Mitch. The finding and the purpose of the draft of ordinances that I wrote was, Woodbridge Township is home to a diverse population as all of you know including immigrants who contribute significantly to the local economy, the workforce and the community life. Aggressive or unconstitutional enforcement actions undermine public trust and law enforcement and local government. The United States Constitution and the New Jersey Constitution clearly guarantee due process and protection against unreasonable searches and seizures. As all of you have been paying attention to the news, that's been going on and especially in Minnesota and the nine people that have been killed in the past month because of ICE raids. I presented the draft of ordinances with the purpose to protect the civil rights of all residents of Woodbridge Township, to ensure compliance with constitutional due process requirements, to maintain trust between residents and local law enforcement, and to establish clear rules governing municipal interaction with federal immigration enforcement. We don't want another case of Renee Nicole Good happening here or Alex Pretti, especially in the state of New Jersey. The governor of Minnesota just federalized his National Guard to protect his civilians, we don't want to get to that limit. I proposed 12 sections of ordinances that clearly state the need for a judicial warrant while entering any homeowner's property, any municipal property, and any school. There's been videos surfacing online of 10-year-old children running from bus stops not maybe three towns away from here in Elizabeth. They were running for bus stops because they were the sons and daughters of immigrants and there were clearly masked ICE agents waiting at the bus stops to take these children. There's been clear evidence supporting that ICE agents really do not care about the need for warrants, the need for due process. There's been videos surfacing online of a councilman getting a gun pointed to his face in Jersey City, an elected official, and while he questioned these federal agents about maybe unmasking or a need for a warrant, he himself, the elected official, got a gun pointed to his face. So, I'm asking for a little bit of support using our own police department, our own officers to protect the the civil liberties of our own residents and neighbors, to make sure that if they do violate any of these laws, especially the warrants, then maybe we could use it to possibly prosecute these ICE agents for all the violations that's been happening in the past month. It's just for you guys to consider and look over. But thank you so much for my time. Thank you.

President McAuliffe: Thank you for your time. We'll look over and advise you. Thank you.

John Vrtaric, Woodbridge: Spoke about the speeding on Amboy Avenue and how the police let them get away with it. All accidents that have occurred have been because of the speeding on Route 35 Amboy Avenue.

Director Nisky: We have a robust traffic enforcement unit that writes substantially more summons than any other municipality. Our radio patrol division is very active issuing parking and traffic tickets. It's rare that I travel more than a couple blocks without seeing a traffic stop. You would be hard pressed to find another police department that enforcing parking and traffic laws more than our police department.

Mayor McCormac: He doesn't have proof or statistics that speeding is the cause of accidents on Route 35.

Councilman Anderson: There was a national report regarding the increase of accidents and fatalities and it is still attributed to Covid, the inattentiveness of drivers and drivers driving distracted.

Danielle Jackson, Iselin: I presented a brochure to the council and we offer a TNR event in March. We can work hand in hand with the shelter supporting their work. They have recently stepped up and did more TNR. What we need to do is raise our prices because our vet raised their prices, but a lot of residents don't have the money. If we could appeal to Mr. Mayor that if a donation can be made to the organization. We spayed and neutered over 400 cats. We don't make a profit, just an impact on the animals. We give the animals their shots and medications so is that something that is possible. We aren't looking for a lot just enough to take off the financial burden.

Council President McAuliffe: How much does one cat cost?

Danielle Jackson, Iselin: \$135 covered the spade neuter surgery, medications, the ear tip, and the vaccines. The vet is providing a great service. If you went to a veterinarian, they would charge \$800.

Council President McAuliffe: How much do you charge?

Danielle Jackson, Iselin: We just charge the \$135 to break even. We want to control the population of these feral cats so they cannot reproduce.

Mayor McCormac: We can't give township money to a private entity, especially to an entity for a service we already provide, but we will support the fundraiser event in any way we can.

Council Vice President DeJesus made a motion, seconded by Councilman Small and carried unanimously. Council President McAuliffe closed the public comment portion of the meeting at 6:18 P.M.

I want to announce a job opportunity of your looking to work in the area of law enforcing our NY/NJ Port Authority is holding a virtual event from 6pm to 7pm tomorrow and this weekend and in person event at the Rutgers University SCJ room 010 at 123 Washington Street in Newark from 12:30pm to 3pm.

If you watch the Superbowl, the Defensive Line Coach Justin Hines, was a Port Reading resident. He coached at 10 different colleges and in 2024 he got a break with the Chicago Bears and then his staffed moved to the Seattle Sea Hawks. He coached my son in 2011. He was captain of the Woodbridge High Football team, graduated in 2005. He played at Rowan University. He was asked to coach here in the township but his goal was to coach in the NFL. For our High School Hall of Fame, you have to be out of high school for 20 years, so guess who I am nominating? He's been in touch with all of us about his experience. We will have the opportunity to see him this June.

We pause for Jesse Jackson who passed away. We honor his life and legacy. He was a tireless champion of civil rights, equality, and economic justice. His voice gives strengths to those who felt unheard. His leadership helped move our nation closer to the promise of fairness for all. Jesse Jackson reminded us that progress requires courage, service, and unwavering belief in the dignity of every person. As an elected official, I'm especially grateful for the path he helped pave. The one that allows more diverse voices to serve, lead, and make change in our communities. May we continue his work by standing up for justice and building a future routed in compassion and opportunity. My condolences to him and his family and those inspired by his extraordinary work.

We approved 23 Resolutions tonight, but there is one that stands out above the rest and that is #3 the appointment of Casey Wagner for the position of Business Administrator as of June 1, 2026. Casey, you know from day 1, I have advocated for the young future leaders of this town. Now it's your time. Council President McAuliffe: I just want to reiterate what everyone said up here. I want to congratulate Casey on your promotion to Business Administrator once Mr. Cimilluca is retired. Congratulations Vito on your 43 years of service. It has been a pleasure working with you. You've been so informative to everything we do on the council. In my short time on the council, you have been extremely helpful and I know that everybody here, who hasn't had the opportunity to speak and say anything on your behalf, will have many more weeks to talk and say all the good things you have done and supported for the Township of Woodbridge. Casey, I look forward to working with you. As Councilman Bauer said, your youth is extremely important to the progress of Woodbridge. You're going to do a great job. You have been mentored by many people on the administration and I think its going to be really exciting to have some fresh blood and I'm happy for your promotion.

Business Administrator Vito Cimilluca: Thank you Council President. I want to thank the council members for the kind words. I do have a few more weeks left. Casey is going to do a phenomenal job and you are right, a breath of fresh air. It will give you a much prettier face to look at sitting here. I am looking forward to watching him grow as the years go on. We wish him all the best. It has been a phenomenal ride for a person who started here as a mechanic 43 plus years ago to be sitting here and addressing an esteemed council is quite an impossible task. I thank the Lord everyday and pinch myself every time I walk into my office. Its surreal every day. I appreciate the mayor for being an impactful leader for Woodbridge Township. This council has helped him with all those successes along the way. Mr. Mitch, you're not short in that. I include you in this group. You are a leader and I appreciate your stewardship. I want to thank you. My success is only because of the men and women that I've worked with for 43 years. There is no way I sit here without their dedication.
